Designed and Built in England

Model	Lift Travel	Lowered Height/Pit Depth	Platform Size	Capacity
TL1000SC	820mm	180mm	1450mm x 1050mm	500Kg
TLD1000SC	1600mm	320mm	1450mm x 1050mm	500Kg
TLT1500SC	2400mm	500mm	1450mm x 1050mm	500Kg

The new mylyft *signature* collection has been introduced to complement our established mylyft *autograph* collection and provide an alternative for clients who do not require the same high level of bespoke adaptability. mylyft *signature* continues our contemporary design ethos targeted at the prestige marketplace and features beautiful brush finish stainless steel and frameless glass gates - designed to enhance the built environment. All components such as our unique control stations and hinges, panels and power packs are shared between the *signature* and *autograph* ranges. All models are fully BS6440/2011 compliant, CE Marked and supplied with a European Declaration of Conformity.
